Plemmer, George Townsend, James Grube, William D. McIntyre, Edward D. Grebb, Harold D. Hayseeden, John W. Schutte, Andrew J. Olson, David Rust, James Guild, William Lindsay, Frederick J. ### ALL STRIKERS ARE WAITING FOR IJICHI

Meeting At Mililani Is Postponed Till Sunday

The Japanese of all classes, regardless of their standing, so far as the strike is concerned, are looking forward today to the arrival of Rear Admiral Ijichi, commander-in-chief of the Japanese training ships Aso and Soya.

The Japanese hotels, stores, tea-houses, restaurants, billiard parlors, commissary department and intelligence offices of the strikers on Aala Lane are decorated with the Japanese flags and greens.

The school children, attired in their European dress and kimono, the boys wearing the Japanese military and naval caps, are the features of the day.

Strikers to See Ijichi. The strikers are somewhat flustered in speaking about the strike today. They prefer to talk about the arrival of Ijichi.

### HORSE OR DAMSEL WHICH WAS MEANT?

Much amusement was caused on Nuuanu street this morning by a young lady who imagined that a Portuguese wagon driver had insulted her. The girl and her mother were walking down the street and as the wagon approached them, the driver chirped to his horse.

The sound was something like that said to emanate when two pairs of lips meet in osculatory exercise, and the Portuguese maiden at once became excited and accused the youth of insulting her. The mother concurred in the opinion, and things looked bad for the unfortunate driver, who could only gasp: "What for you to me speak like that? I no kiss you. I speak da horse. More better you look see first—son of a gun, whoa," the latter to the quadruped.

The damsel, however, would not be appeased and insisted that the youth had tried to captivate her with the chirp, chuckle or whatever it was.

Admiral Lamberon Blind—Washington, June 14.—Rear Admiral Benjamin Puffer Lamberon, who served as chief of staff to Dewey at the battle of Manila bay, has gone blind.

### STRIKERS AWAIT ARRIVAL OF SHIPS

Fish Market Shelters Patient Watching Multitude

Owing to the expected arrival of the Japanese cruisers Aso and Soya, in command of Rear Admiral Ijichi this morning, the Japanese strikers vacated their places of abode and assembled under the shelter of the old Alakea street fishmarket.

The strikers from Waipahu and Aiea, who are in town, accompanied by their wives and children, attired in their holiday dresses, patronized freely the Chinese shops there, while waiting for the appearance of the warships.

Before the noon hour, a large majority of them returned to their kahanas places to have their lunch. Those who had money remained under the cover of the fishmarket and lunched on bananas, soda water and ice cream.

This afternoon they will once more assemble in the hope of seeing their warships.

All along the waterfront in the vicinity of the Naval Station, the Japanese strikers walked about idly, watching the movements of the United States marines and waiting for the coming of the warships.

The meeting of the corporation of the Queen's Hospital called for 2:30 o'clock this morning, was called to order and promptly adjourned until 2 o'clock this afternoon, owing to the absence of a quorum. Changes in the by-laws and charter are the chief matters slated for consideration.

### JAPANESE SHIPS NOT YET REPORTED

Neither Consul-General Nor Naval Station Notified

His Imperial Japanese Majesty's training ships Aso and Soya, Rear Admiral Ijichi, commanding, have not yet been heard from. Consul General Uyeno and the Naval Station authorities were at a loss this morning to account for the silence of the commander-in-chief.

It is expected, however, that he will be heard from this afternoon. The cruisers will take their places at the naval wharf, where they docked on their last visit.

As soon as the cruisers arrive, Consul General and Mr. Tokieda, representing the reception committee of the local Japanese, will call on Admiral Ijichi, to make arrangements for the entertainment during their stay here.

C. C. Tuck of this city has been allowed a patent on an electrical generating machine, which, once started, furnishes its own operating energy. It is claimed that the machine solves the old perpetual motion problem.

### Thirty Men Entombed In Mine

WEHRUM, Pa., June 23.—Eighteen miners are dead, six fatally hurt and thirty are imprisoned in a burning coal mine at this place. The tragedy was brought about by an explosion of fire damp this morning. Every effort is being made to quench the fire in the mine, and it is possible reach the imprisoned men before their lives are sacrificed.

### Elsie Sigel Strangled, Says Chung

NEW YORK, June 23.—Chung Sin, one of the suspects arrested in connection with the murder of Elsie Sigel, was "sweated" by the police authorities today. He accuses Leon Ling with brutally strangling Miss Sigel. Chung stated yesterday that Ling was familiar with Miss Sigel and that he saw her body in Ling's room. The police are in pursuit of Ling, a call for his apprehension being sent to the police throughout the country.

### 9 Tourists Drowned

KILLARNEY, Ireland, June 23.—Nine American tourists and two boatmen were drowned on the lakes here today by the capsizing of a boat.

### LUMBER TARIFF UNCHANGED.

WASHINGTON, June 23.—The Senate today passed the lumber schedule, placing the duty on lumber at \$1.50 per thousand. This is the present tariff.

### COUNTRY CLUB MAY SOON OWN HOME

Deal For Purchase Of Land Is Nearing Completion

Plans for the purchase of the property now occupied by the Oahu Country Club have practically been settled upon, and the final negotiations may be completed at almost any time. The lease which the club holds on the property has still about two years to run, but it is the intention of the club members to take over the property just as soon as possible.

The owners of the land ask \$5000 for it, or approximately \$30,000. The plan is to take over the land and put a first mortgage on it for a sum sufficient to meet the entire purchase price. As the club owns improvements on the property, clear of all incumbrance, which cost more than \$12,000, it is believed that the necessary loan can be made without difficulty.

A sinking fund was established some time ago, and the club now has more than \$1400 in the treasury toward the purchase of the property. With the present easy condition of the money market, it is believed that the interest on the loan will amount to little more than the present annual rental.

When the deal has been closed, steps will probably be taken to enlarge the club house. The structure, which, at the time of its erection seemed ample to meet all requirements, is now proving entirely too small. The building, as it now stands, cost about \$6000. It is substantially constructed and can easily be enlarged to meet the increased requirements.

### PRATT TREASURER SAYS RUMOR BUT--

Executive Maintains His Sphinx-Like Attitude

That Governor Frear will ultimately appoint Land Commissioner Pratt to fill the post of Territorial Treasurer, seems to be the general impression, but the unaccountable delay on the part of His Excellency has given rise to considerable comment.

The failure of the Senate to confirm the appointment of A. J. Campbell put it up to the Chief Executive to make another choice, which it was supposed that he would do before the adjournment of the Legislature. Time has dragged on, however, and Hemenway continues to exercise the functions both of Attorney General and Treasurer.

Many rumors have been drifting around the Capitol, but the presiding genius of the Blue Room continues mum. Maybe there will soon be a Treasurer—maybe there will not.

Judge Long should have been presented with a pair of white gloves this morning at the Police Court, as there were no cases—not even a drunk—for him to try.

### FRESH PINE TARIFF

"Senate voted fresh pineapples eight dollars per thousand."

This is the text of a cablegram received this afternoon by Delegate Kihio from Secretary McClellan. The amount sought by the local pineapple men was fifteen dollars a thousand. The present tariff is seven dollars a thousand. So the Senate, while not giving all that was asked, has increased the tariff on fresh pines.

### AGRICULTURE BOARD HOLDS MEETING

Site For Quarantine Paddock Is Approved

At the meeting of the Board of Agriculture that was held this afternoon the minutes of the previous meeting were read and some reports read and adopted.

Those present at the meeting were J. M. Dowsett, Dr. Norgaard, E. Waterson, J. Gattenburg, D. P. R. Isenberg, Mr. von Holt and J. Kotinsky. A letter from Kotinsky, recommending that D. B. Kuhns be appointed Assistant Inspector at an increase of \$25 per month on his present salary of \$75, as Inspector's Assistant was read. The matter was referred to the Committee on Entomology for consideration.

L. Barkhausen, late inspector of forests at Lahaina, having left the country, L. Weinheimer was appointed in his place.

F. Judd, who at present is engaged in forestry work on the mainland, has been offered the position of assistant to Mr. Haughts at a salary of \$1400 per annum.

The application of the Hawaiian Development Company for the stumpage rights on some 12,000 acres of land near Pahoa, Hawaii, was denied, but, when cleared, be available for cultivation, was allowed. Five dollars an acre is the sum mentioned for the rights of stumpage.

The report of Mr. Hosmer was then read, and it appears that there is a (Continued on Page 4)

### STRIKE LEADERS PLAN CONFERENCE

It is understood that Makino, the strike leader and his associates were well pleased that their trial went over one day, as it gives them an opportunity to call on Admiral Ijichi, upon his arrival, if that venerable sea veteran consents to listen to the complaints of the Agitators. That a regular program is being arranged by Makino and Soga to interest the Admiral in the report on the street this afternoon, and Makino has promised that "something big will happen soon."

### WANTS TO DALLY AND DELAY CASE

Lightfoot Discovers A Reason To Postpone Riot Cases

A motion for continuance of the riot cases until the September term of court was filed in Judge Robinson's court this morning by Joseph Lightfoot. Among the reasons given for continuance are that he is engaged in another case; that the Japanese indicted in the case are unable to secure and pay for another attorney; that it is impossible to secure a reputable attorney to conduct the trial without the payment of a fee larger than his clients can pay; and that there is not sufficient time for another lawyer to become acquainted with the facts before going to trial. A motion is also served on Attorney General Hemenway of the motion to continue. It will be argued before Judge Robinson Friday morning.

### FRIVOLOUS FACTS NOT FACTS AT ALL

Ex cutrix Of Carter Will Alleged As Padding Report

A squabble in probate is on deck in Judge Robinson's division of the Circuit Court when the executive abilities of Jessie K. Kane will be questioned by Edgar Henriquez. Accompanying the schedules presented by Jessie Kane for reimbursement for expenses as the executrix of the estate of Margaret V. Carter is an affidavit by Edgar Henriquez charging her with failure to account for all funds connected with the estate and now in her possession.

He says that the presentation of the accounts of the estate as presented to the Court by the executrix is frivolous and incorrect and that reason requests the court to refuse the \$332.15 which she asks for as due for services rendered. Henriquez is acting in his official capacity as the guardian of the Wm. L., Eunice K., Beatrice K., Albert B., Harriet K., and Richard K. Carter.
